Quality Assurance Engineer

Job Overview

The Senior Software QA Engineer will work in coordination with the Software Development Leads to monitor every phase of the development process to ensure that the design and software adhere to company standards. The successful candidate will help meet deadlines by breaking up the development process into attainable testing goals and relaying any issues back to the development and product teams or leaders.

Responsibilities

- Review requirements, specifications and technical design documents to provide timely and meaningful feedback
- Create detailed, comprehensive and well-structured test plans and test cases
- Estimate, prioritize, plan and coordinate testing activities
- Design, develop and execute automation scripts using open source tools
- Identify, record, document thoroughly and track bugs
- Perform thorough regression testing when bugs are resolved
- Develop and apply testing processes for new and existing products to meet client needs
- Liaise with internal teams (e.g. developers and product managers) to identify system requirements
- Monitor debugging process results
- Investigate the causes of non-conforming software and train users to implement solutions
- Track quality assurance metrics, like defect densities and open defect counts
- Stay up-to-date with new testing tools and test strategies

Qualifications

- 3+ year of experience working as a Quality Assurance Engineer
- Strong knowledge of QA methodologies, tools and processes
- Experience in writing clear, concise and comprehensive test plans and test cases
- Hands-on experience with both white box and black box testing
- Hands-on experience with automated testing tools
- Solid knowledge of SQL and scripting
- Experience working in an Agile/Scrum development process
- Experience with performance and/or security testing is a plus
- Experience with functional, non-functional and regression testing

- Strong analytical skills
- Strong interpersonal skills and ability to maintain good internal and external relationships.
- Excellent command of written, read and spoken Arabic and English.
- Strong sense of discretion and confidentiality
